

The 11th Symposium on Specific Allergy 2021

DAY 1 – June 4th, 2021 @ 15:00 CEST

15:00 -15:05	Chairman Opening Remarks	
15:05 -15:10	Session 1 Plenary: Development of allergy Chairman: Graham Roberts	
15:10 -15:25	Antoine Deschildre	Pediatric allergic asthma
15:25 -15:40	Harald Renz	The role of epigenetics in allergy and asthma development
15:40 -15:55	Mohamed Shamji	Immune mechanisms and tolerance induction
15:55 -16:10	Panel discussion	
16:10 -16:15	BREAK	
16:15 -16:20	Session 2 Breakout: Diagnosis of allergic respiratory disease Chairman: Joan Bartra	
16:20 -16:40	Carmen Rondón	In vivo diagnosis of allergic respiratory disease
16:40 -17:00	Ronald van Ree	Molecular diagnosis: the interpretation of IgE responses
17:00 -17:15	Roundtable discussion	
16:15-16:20	Session 3 Breakout: Patient adherence to allergy immunotherapy Chairman: Christer Janson	
16:20-16:40	Moises Calderón	Adherence and quality of life in allergy immunotherapy
16:40-17:00	Edouard Seve	Methods to improve adherence in allergy immunotherapy
17:00-17:15	Roundtable discussion	
16:15-16:20	Session 4 Breakout: Venom allergy immunotherapy Chairman: Maria Beatrice Bilò	
16:20-16:40	Haneke Oude Elberink	Diagnosis of venom allergy and maintenance of immunotherapy
16:40-17:00	Günter Sturm	Treatment of venom allergy
17:00-17:15	Roundtable discussion	
17:15-17:20	BREAK	
17:20-17:25	Session 5 Plenary: Real world evidence of AIT Chairman: Natalija Novak	
17:25-17:40	Stephen R. Durham	Randomised controlled trials: The efficacy of allergy immunotherapy
17:40-17:55	Nick Freemantle	RWE: Methods to assess treatment effects in real-life settings
17:55-18:10	Benedikt Fritzsching	The REACT study: Long-term effectiveness of AIT in the real world
18:10-18:25	Panel discussion	
18:25-18:30	Chairman Summary of Day 1	

The 11th Symposium on Specific Allergy 2021

DAY 2 – June 11th, 2021 @ 15:00 CEST

15:00 -15:05	Chairman Opening Remarks	
15:05 -15:10	Session 6 Plenary: AIT for respiratory allergic disease Chairman: Pascal Demoly	
15:10 -15:25	Tilo Biedermann	Efficacy and safety update of the SLIT-tablet concept
15:25 -15:40	Jörg Kleine-Tebbe	Treating with a single allergen extract versus homologous species
15:40 -15:55	Frederic de Blay	Allergy immunotherapy in asthma
15:55 -16:10	Panel discussion	
16:10-16:15	BREAK	
16:15 -16:20	Session 7 Breakout: Food allergy immunotherapy Chairman: Susan Waserman	
16:20 -16:40	Edwin Kim	Mechanisms and routes of immunotherapy for food allergy
16:40 -17:00	Gideon Lack	Diagnosis and immunotherapy for food allergy in children
17:00 -17:15	Roundtable discussion	
16:15 -16:20	Session 8 Breakout: Telemedicine Chairman: Maciej Kupczyk	
16:20 -16:40	Zhang Luo	Specific allergy management during the covid-19 epidemic
16:40 -17:00	James Gardner	Managing allergy patients with virtual consultation
17:00 -17:15	Roundtable discussion	
16:15 -16:20	Session 9 Breakout: Anaphylaxis management and self-management Chairman: David I Bernstein	
16:20 -16:40	Luciana Kase Tanno	Phenotypes, endotypes and biomarkers of anaphylaxis
16:40 -17:00	Alberto Álvarez-Perea	Treatment of anaphylaxis in children
17:00 -17:15	Roundtable discussion	
17:15 -17:20	BREAK	
17:20-17:25	Session 10 Plenary: New horizons Chairman: Stephen Durham	
17:25 -17:40	Graham Roberts	Prevention of allergic respiratory disease
17:40 -17:55	Tom Casale	Biologics beyond asthma
17:55 -18:10	Peter Csonka	Evidence based immunotherapy
18:10 -18:25	Panel discussion	
18:25 -18:30	Chairman Summary of Day 2 and closing of Symposium
