PROGRAMME

Friday, November 21st 2014

Sesion 1 Introduction to drug desensitization

Chair: Dr. Enrique Martí

- 11:30-12:00 h Drug Desensitization: History and Basic Concepts
Mariana Castells
- 12:00-12:30 h Desensitization Protocols: safety, risk stratification and location
Arantza Vega
- 12:30-13:15 h Desensitization Unit: starting, proceeding continuing
Allergist and nurse roles: *María Rubio* and *Natalia Martí*
Coordinating referrals from all providers:
María Rubio
- 13:15-13:45 h Understanding Anaphylaxis and Hypersensitivity in the context of Mast Cell Activation Syndromes
Luis Escribano

Lunch 14:00-15:00 h

Sesion 2 New drugs, new challenges

Chair: Dr Enrique Martí

- 15:00-15:30 h Hypersensitivity to TNF blockers: patterns and role of desensitizations
David González de Olano
- 15:30-16:00 h Drug Desensitizations in children: cancer and cystic fibrosis
Mariana Castells

16:00-16:30 h Delayed hypersensitivity: slow or rapid desensitizations protocols
Arantza Vega

16:30-17:00 h Hypersensitivity to estrogen and progesterone: role of desensitization for infertility
Alicia Prieto

17:00-17:30 h Coffee Break

Sesion 3 Desensitizations and Economy

Chair: Dr Mariana Castells

17:30-18:00 h Costs and resources utilization: outpatient versus inpatient
Enrique Martí

18:00-18:30 h Can drug desensitizations be integrated in health care economical models?
Manel Peiró

18:30-19:00 h Poster session: new rapid desensitization drugs/protocols

Saturday, November 22nd 2014

Sesion 4 Desensitizations: different ways to hit the target

Chair: Dr Arantza Vega

9:30-10:15 h Desensitization Routes; intravenous, subcutaneous, intraperitoneal
Mariana Castells

10:15-10:45 h Data collections for drug desensitization: the Spanish project
Pilar Tornero

10:45-11:15 h Poster presentation: delayed hypersensitivity cases

11:15-11:45 h Coffee Break

Sesion 5 Pro/Con debate

Chair: Dr Arantza Vega

11:45-12:30 h Should type II reactions serum sickness like be desensitized?

Yes: *Mariana Castells*

No: *David González de Olano*

12:30-13:15 h Should Steven's Johnson Syndrome be desensitized

Yes: *Alicia Prieto*

No: *Mariana Castells*

13:15 h Conclusions

Registration Fees in Eur:	660 €
Extra night:	75 €

The Full registration fee gives the right to access all scientific sessions and includes coffee breaks and lunches according to the programme for both days, the abstracts book of the meeting and stay of one night in Hotel* (with one shuttle bus every day hotel / headquarters / hotel).

Official Languages: English & Spanish

Limited CAPACITY
